For now I was thinking that ISD could handle tool abusers, admin abusers, and people ruining other people's roleplay. they'd also sort disputes between players (such as when someone thinks they have been removed or demoted in a different department for no legit reason). They do this by patrolling, but also with a report form open to everyone. All reports are investigated.

and fancy roleplay.

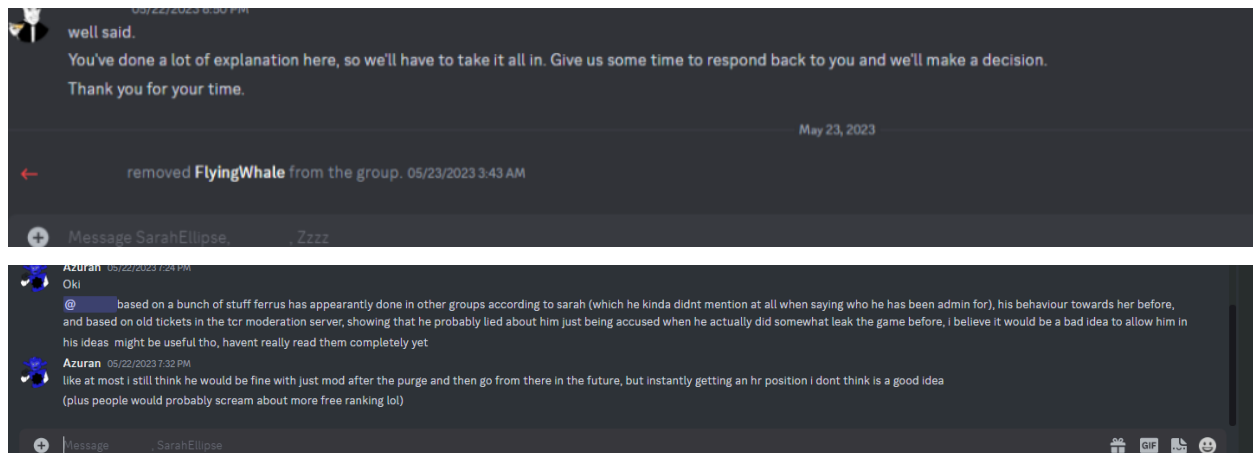

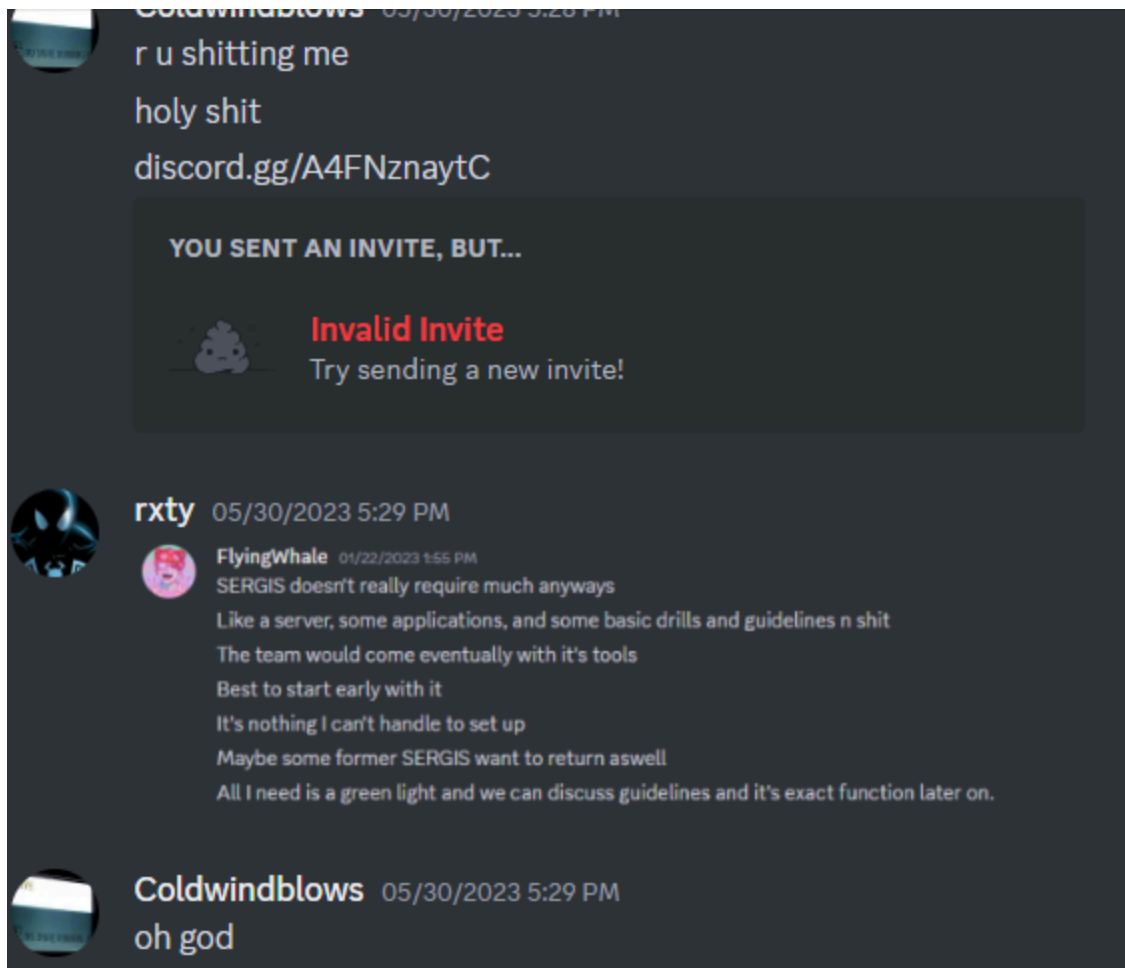

Gotta do them interrogations some way

r u shitting me

Due to the fact the evidence has since been deleted/unviewable, on 5/28/23, a poll was posted in the Moderation Discord

asking if they should demote Shiveratear
and put FerrusVilkas as Community
Manager.

This poll was decimated by Shiveratear
with a favouring eleven and zero in
favour.

Despite this, FerrusVilkas was
“accidentally” given his role prematurely
the same day, which was swiftly removed
by Azuran.

yes?

I was in the beginning talks, where Ferrus came up to pete and asked if he could reform the mod team

...

Me and Azuran squashed it with proof of his being an asshole to others, being disrespectful to me, and just a shit person

FerrusVilkas 05/30/2023 10:34 AM

@ [Moderation Team] Greetings.

I am FerrusVilkas. A majority of you does not know me. That is understandable, as I haven't been very chatty in the last month as I was busy with other stuff. Therefore it is understandable if you find it weird that I now hold this position.

About me; I have been in this community since pretty much the beginning. I have held senior positions in Unorthodox. I have years of experience in the field of moderation and enforcement, mostly as leadership. If you have any personal questions then do feel free to ask.

About the vote; I didn't particularly care which position I would hold. I was offered CM and I accepted. At no point was I aware that this would mean @meow would have to go, and this was not my goal at all. I also don't find it weird that people therefore voted entirely in favor of the current CM, that was to be expected. At first there wasn't even going to be a vote. @Zzzz! and @Cloclo can confirm all of this. I have been given Head of Moderation instead, which is enough to do my job.

About the department; There's going to be some major changes to the department, mostly on the side of regulations and structure. I want quality to be much higher than it is right now, and the toxicity and unprofessionalism will end. I can assure you that if you cooperate, you will not be removed and you'll become part of something much greater.

- Moderation applications will be released. These are open to everyone. There will also be a 'lite' version of mod that can be used for roleplay, and this can be applied for aswell.
- Inactive personnel will be removed to make way for these new moderators.
- Admin regulations will be released, stating which commands can and can't be used.
- A proper player report form will be released.
- A moderation handbook will be released.

-We will be cracking down on the immaturity and toxicity of some individuals within this server. This must remain a fun environment for all.

-A new and simplified rank structure will be made. There's no reason to have so many ranks for such a relatively small department. This ultimately means each individual rank will hold more power, and some promotions might be handed out.

meow 05/30/2023 11:06 AM

FerrusVilkas 05/30/2023 9:51 AM

I am not zenn's friend.

And for the record, this server has been up for a month,
but I have been here since the beginning.

unhoused man 05/30/2023 9:52 AM

nobody knows you

FerrusVilkas 05/30/2023 9:52 AM

I was much more active in the other servers.

I was a high rank in unorthodox.

 @FerrusVilkas I was a high rank in unorthodox.

meow 05/30/2023 9:53 AM

and that time has long since passed

unhoused man 05/30/2023 9:53 AM

this isn't unorthodox

 @unhoused man you didn't climb any ladder here

FerrusVilkas 05/30/2023 9:53 AM

Climbing a ladder here means absolutely nothing considering the poor state moderation is in.

Hence why I am here now.

unhoused man 05/30/2023 9:53 AM

poor state of what exactly
we have everything under control

@unhoused man we have everything under control

FerrusVilkas 05/30/2023 9:54 AM

Ah, so that is why I have heard absolutely zero complaints
about the department!
(For the record, I have heard endless complaining about
toxicity and bias)

unhoused man 05/30/2023 9:54 AM

We have had 2 complaint tickets in the entire time
one of them was one i filed

I understand you clearly. I just think you're a liar.
And I have no reason to believe otherwise.

@meow then who made it up?

FerrusVilkas 05/30/2023 10:01 AM

Considering that you're so unprofessional in handling things, I am not going to share that with you.

@ [Moderation Team] I want you all to also fill out the moderator application. This is an activity check, and to get a better picture of who the current members are (besides your existence). Besides this it will be used for administrative purposes, and it will also positively influence future promotions. Some of you have already filled it out, which is good.

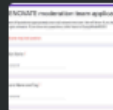

You will have 3 days to fill it out. Anyone that has failed to do so within this timeslot or that doesn't fill it out in a serious manner, will be removed. If you can't make it within these 3 days, feel free to DM me and we'll work something out.

6/01/23 drama end

5/30/23 conference start

PETE

SarahEllipse Today at 9:32 AM

They're making me and Ferrus share the position of Head of Moderation, and since I don't want to work with Ferrus, I'm giving up the position entirely

WHAT THE FUCK
IS THIS SHIT

schizo ukraine 05/30/2023 10:07 AM

why the fuck is ferrus head of moderation

@Petrus Karaklocoglu yo dumbass
can we talk about ferrus

Petrus Karaklocoglu 05/30/2023 5:09 PM

bro i just woke up

@Petrus Karaklocoglu bro i just woke up

oh

Petrus Karaklocoglu 05/30/2023 5:10 PM

and i have like

500+ notifs

and salty's gone again

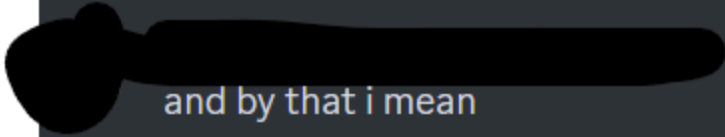

and so on and so forth

yeah there was some drama earlier

Petrus Karaklocoglu 05/30/2023 5:10 PM

wait ferrus got installed?

and by that i mean

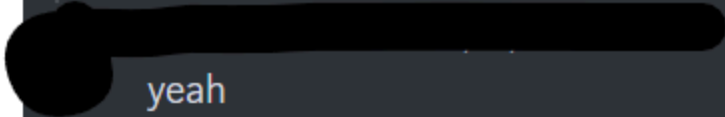

Petrus Karaklocoglu 05/30/2023 5:10 PM

:\

@Petrus Karaklocoglu wait ferrus got installed?

yeah

the vote meant nothing

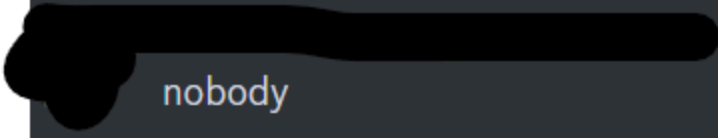

norwegian fag 05/30/2023 5:10 PM

5. What if I told you EVERYONE was lying to you

norwegian fag 05/30/2023 5:10 PM

Ferrus got Installed, and EVERYONE went apeshit about It

nobody

fucking

wants him

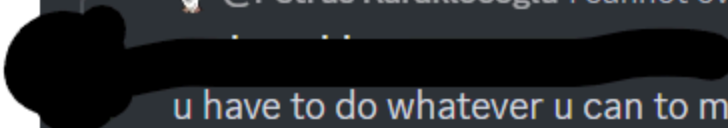

Petrus Karaklocoglu 05/30/2023 5:11 PM

i cannot overrule zenn without causing a major rift

@Petrus Karaklocoglu i cannot overrule zenn without causing a n

u have to do whatever u can to make sure he gets ousted

Petrus Karaklocoglu 05/30/2023 5:11 PM

we'll see what happens

[REDACTED]
he's not a good person

he's egotistical

lying

u name it

Petrus Karaklocoglu 05/30/2023 5:12 PM

why did full leave mods

[REDACTED]
mod server?

no clue

Petrus Karaklocoglu 05/30/2023 5:13 PM

So from what I know is going to happen
[REDACTED]

zens tryna get rid of me
and i know that
he calls me unfit, and provides me with nothing
as to what makes me unfit

Petrus Karaklocoglu 05/30/2023 5:13 PM
i'll tell you what he sees

and yes i asked 6-7 times

Petrus Karaklocoglu 05/30/2023 5:13 PM
and this is his reasoning
you say faggot a lot and look retarded in chat all the time
that's it

i say faggot alot
and that's bad?
and look retarded?
as in?

Petrus Karaklocoglu 05/30/2023 5:14 PM
i guess your arrogance and your tenture to start arguments

i try to limit that
and yes i am arrogant
my decency is being stripped away by retards such as zen
they convince me that i could run this place a thousand
times better then they ever will
yet i squash the mod vote unanimously
and the public vote by a super majority
his claims have no basis
ferrus on the otherhand

FerrusVilkas Today at 10:54 AM

This is my department now, I
decide how I wish to run it.

u call me arrogant?

Petrus Karaklocoglu 05/30/2023 5:18 PM

you literally are but so is he lmao

FerrusVilkas Today at 10:52 AM

I am not going to continue this discussion any further as it
seems to be pointless. Everyone has until the end of the
day to decide to freely leave or stay, anyone that attempts
to obstruct it afterwards and refuses to follow the new
standards will be removed. I am more than willing to listen
to suggestions, but you must do so in a calm and
reasonable manner with proper arguments.

@Petrus Karaklocoglu you literally are but so is he lmao

yes i am arrogant
but compared to this guy?
he dwarfs me
in comparance
basically
we want him set back to member

norwegian fag 05/30/2023 5:19 PM
amen

zens basis is:

he had a few unnecessary (and necessary) arguments
he said faggot

norwegian fag 05/30/2023 5:20 PM

People don't exactly approve of him anyways

[REDACTED]
that's not even a basis

Petrus Karaklocoglu 05/30/2023 5:26 PM

so here's the deal:

[REDACTED]
if i get sacked
full gets cm?
id be MORE THAN willing to accept that deal

schizo ukraine 05/30/2023 5:26 PM

i described it somewhat to [REDACTED]

Petrus Karaklocoglu 05/30/2023 5:26 PM

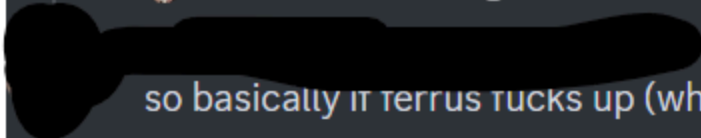

ferrus is here to stay on orders of zenn. a lot of people are unhappy with this and i don't really care because at this point ferrus will get himself booted if he does anything stupid by my end

and yes, as i mentioned to you [REDACTED]

if you are more than willing to resign and let full take over

@Petrus Karaklocoglu ferrus is here to stay on orders of zenn.

so basically if ferrus tucks up (which he will)

Petrus Karaklocoglu 05/30/2023 5:27 PM

if ferrus falls short of expectations

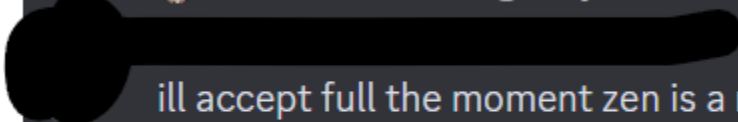

if ferrus falls short of expectations

full will come into play

@Petrus Karaklocoglu if you are more than willing to resign and l

ill accept full the moment zen is a retard and sacks me also

what do u know about sergis

schizo ukraine 05/30/2023 5:27 PM

which is already happening tbh

schizo ukraine 05/30/2023 5:27 PM

which is already happening tbh

[REDACTED]
[REDACTED] because the name is already familiar

sergisjack

SERGISJACK

THAT WAS IT

FUCKING KIDDING ME

schizo ukraine 05/30/2023 5:28 PM

the sergis operation sounds similar to the patriots to me

For now I was thinking that ISD could handle tool abusers, admin abusers, and people ruining other people's roleplay. they'd also sort disputes between players (such as when someone thinks they have been removed or demoted in a different department for no legit reason). They do this by patrolling, but also with a report form open to everyone. All reports are investigated.
and fancy roleplay.
Gotta do them interrogations some way

WHAT

FlyingWhale 01/22/2023 1:55 PM

SERGIS doesn't really require much anyways

Like a server, some applications, and some basic drills and guidelines n shit

The team would come eventually with it's tools

Best to start early with it

It's nothing I can't handle to set up

Maybe some former SERGIS want to return aswell

All I need is a green light and we can discuss guidelines and it's exact function later on.

Petrus Karaklocoglu 05/30/2023 5:29 PM

I still need to set stuff up but I'll do that bit by bit
For the chain of command I don't really know yet what I might call it.
Probably Junior Inspector - Inspector - Senior Inspector - Chief Inspector
With Inspector 3 2 1st class etc aswell

If you're not willing to cooperate within my department then I see no reason to keep you within my department.

I think it's fairly obvious that that means you'll be removed from the moderation department. At no point did I say anyone will be banned.

I have threatened to ban no one.

I am under Zenn, not under you.

FerrusVilkas Today at 11:52 AM

I am not going to continue this discussion any further as it seems to be pointless. Everyone has until the end of the day to decide to freely leave or stay, anyone that attempts to obstruct it afterwards and refuses to follow the new standards will be removed. I am more than willing to listen to suggestions, but you must do so in a calm and reasonable manner with proper arguments.

It'll take a few days before I can actually start something as I first have to work out the mess of ranks and make a new application

And I'm still somewhat split on what to do with the current personnel, I do want them to do the application again but I don't know in which position I will put everyone after they have done that, and some people might not even pass

I'm probably going to release applications for everyone at the same time, any current non-mods will not go above moderator but existing staff might get higher ranks if I think they're capable.
